Subject: FPN status
Date: Monday, March 25, 2019 6:41:08 AM

Please be advised

New FPN E19617 ceiling is 249,000

Direct available is 216,000

Indirect is 33,000

Obligated

NOAA 30,000

Gulf Strike Team 65,000

START 60,000

This leaves approx 61,000 to cover EPA labor/travel and cushion.

You shall be frugal with charges to the FPN.

EPA sampling is part of the CERCLA tasking (450,000). We ESH all not exceed our FPN ceiling, I will not certify expenditures that are not OPA related and you will have to make amendments to your time card, etc. To save your time and best support this effort, please be frugal on the OPA fund spending.

Continuously, I appreciate your help.

If this information changes (ceilings, etc), I'll share this as soon as possible. Thank you again. Please forward to any others helping us.

Adam
